

Parking and Entrance

Satellite imagery from Google Maps

Enter off Strecker (A) and proceed past our building (note entrance, below) to our larger parking lots in the back. Our sanctuary is entered from the Vestibule which is the location of the Entrance shown. There are three other doors visible from the back parking lots (an entrance to our administration area which is marked as such, and two exits (one on the deck and one from a classroom with stairs)). Our sanctuary, vestibule and restrooms off the vestibule are wheelchair accessible.
